clothing keeps "humbug shops" and offer "unsalable goods" to the public. He also believes that these humbug dealers "lie to de cieve the public." I represent, for my part of the humbuggery, Mr. Editor, I represent that when I offer "unsalable goods" I always suffer for it, and not Mr. Abrams. The people have wern my goods long enough to know better than Mr. Abrahams whether they com from a "humbug shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this

newcomer at the White House. Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall sELL men and boys clothing cheaper than "Whitey" can BUY them. I shall keep more goods, and a resher stock always on hand. And all of these assertions, so far from being "lies to decieve the public" can be proven by my patrons during fair week as they have been proven any time during the past ten years.

M. NATHAN, Virginia Street

Don't Forget it.

If you are troubled with nervous ness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, Osborn & Shoemaker.

Senator Cassidy of Nevada is en town. Cassidy is the bold politicain who stated publicly, "platforms are only made to catch votes." Cassidy's instance is not the only one in which a man has been ruined by one accidental truth. In the language of Nevada, it "Let him out"—Stock Exchange.

It wasn't an accidental truth strictly. It ought to be acknowledged, though, that accidental truth is Cassidy's peculiar gift. It is about the only way it ever escapes from that sterling Democrat.

General D. D. Colton is dead. He was one of the very rich men of the coast who knew how to live. He was a man of taste, lived in a beautiful house, patronized the arts, had a good speaking mainly on the money queslibrary and knew what was in it, enjoved himself decently and like agentleman. The Democratic party of the State of N vada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to cor porations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintainance of a non-sectarian common school system; acquiscence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses, that labor may be lightly burdened; sabordination of the military to the civil power; no centralization; and a strict construction of the Federal Constition.

As important issues, entitled to especial mention, the Democratic party of Nevada presents. 1st. The induction of R. B. Hayes into the

office of President, in violation of the clearly

expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs. 2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold-the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for nationa bank notes; no further sale of interest bearing bonds for coin for resumption purposes but the gradual reduction of the public debt: and rig.d economy in all branches of the pub-
